Assurant Solutions is pleased to offer you FREE access to the Dignity Planning® tool, which allows you to create a flexible plan for your final arrangements.

Why planning makes sense.

Just as estate planning and creating a will are responsible decisions, planning your end-of-life services makes emotional and financial sense. It gives you the power to choose an ending that perfectly tells the story of your life. In addition, you have complete control over your plan and can change any part of it whenever you wish.

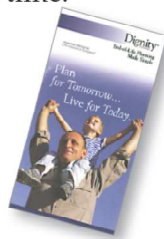

Protect your family and help give them peace of mind by recording your end-of-life arrangements using the Dignity Planning tool. The Dignity Planning tool gives you the information to create a detailed end-of-life plan to share with those you love. And more importantly, it helps protect your family from having to make uninformed decisions during an emotional time.

Two easy options to set up your plan.

Option 1: Basic Plan

Complete the information below or complete the End-of-Life Planning Made Simple booklet and submit with your application for insurance.

Option 2: Detailed Plan

If you do not wish to have a basic plan set up at this time, please initial here _____.

Dignity Planning is a tool used to create your end-of-life wishes and is offered through the Dignity Memorial® network of funeral and cremation providers. Dignity Planning is not a provider of funeral goods or services; your end-of-life wishes would be fulfilled by a licensed Dignity Memorial provider, if you have chosen one as part of your plan or by a provider of your choice. Creating your end-of-life plan with www.finaleventplanning.com is a FREE, no obligation service and is one of the most caring gifts you can give your loved ones. This is not a preneed funeral agreement. Completion of this form does not create a guaranteed pre-need funeral or cremation contract with Dignity Planning or a Dignity Memorial provider. Because there is no price guarantee, the merchandise and services will be provided at the retail prices in effect at the time of your death.
