

# Continuing Education

**Protective Producers Association** has teamed with **WebCE** to bring you quality continuing education courses with a state-of-the-art delivery system and courteous customer service for \$39.95! You can download the course books or print them from your browser (in most states) or WebCE will ship printed books to you within 24 hours via UPS. State-required CE credit is available in all 48 states (and D.C.) that allow distance learning.

Once you have completed your selected courses, you will take your state-approved exams and **WebCE** will validate the results. Agents in many states have the option of taking the tests online (**WebCE** ships the test to you in the other states or you may simply prefer to take the test on paper). When you pass, you are sent a Certificate of Completion. As you can see, CE self-study through **PPA** is economical, fast, easy, and convenient!

Getting started is easy. Simply click on **COURSE CATALOG**, choose your state, select you license type and select your course(s) or call us at **800-488-9308**.

When ordering by phone, make sure you tell your customer service representative that you are a **PPA** broker to take advantage of the fantastic offer. If you order your CE over the web, simply click on course catalog, select your state, choose your license type and select your courses. You could be reading your first course 10 minutes from now!

## Ask How to Redeem Your Free Voucher!

**Your Continuing Education cost will be capped at \$39.95 for your required hours plus any shipping and applicable state filing fees.**
